

# WHY CHOOSE SENIOR LIVING NOW?

Independent Living | Assisted Living

ARBOR VILLAGE  
— AT HILLCREST —

At Arbor Village at Hillcrest, our top priority has always been taking care of seniors. That commitment has never been more important or vital than it is today.

Hospitals and skilled nursing facilities are playing the important roles of taking care of the health care needs of seniors who need it, but senior living communities inclusive of independent, assisted living and memory care communities are taking care of the lifestyles, activities and daily living needs of seniors. At Arbor Village at Hillcrest, we are here for seniors and their families in multiple ways. Here are the ways ...

Some seniors are home alone and are feeling the struggles of isolation – Sheltering in place with us does not mean isolation. We are providing all of the services you or your loved one could need, in a clean, vibrant, caring environment following all CDC guidelines and taking extra precautions for the well-being of our residents and team members.

We are here to:

- Make and serve chef-inspired meals, eliminating the need to grocery shop, cook and clean up.
- Provide medication management, bathing, dressing and all other daily needs.

Some family members are feeling overwhelmed trying to care for their multiple generations of loved ones – Moving a senior loved one to senior living can improve the lives of the senior and their adult children. Your loved one will be enjoying independence in addition to life in a community that is diligently cleaned, is following safety protocols, and is offering fun, vibrant and appropriate socially distancing activities.

Technology has become even more vital – FaceTime calls, Zoom group calls and online activities have become important aspects of senior living. Our residents are loving the new ways to stay connected with their families and friends, and with each other.

**The RUSH for senior living apartments has started. We don't want you to miss out. That is why we are offering \$5,000 towards move-in costs to help make this a little easier and to add some fun to your lives in this unprecedented time. Call us today at (208) 345-4460 and schedule a tour at our Visitor Veranda.**
